

MaxAir – Themes

The 'look' of MaxAir can be customized through the use of colour themes. There are currently eight selections available, Blue, Orange, Dark, Red, Violet, Amber, Teal and Burnt Orange. Each theme is also available with the tiles either left or centre justified.

In addition, the 'look' can be further customized by changing the colour of the text and/or the size of the home screen tiles and/or the justification of the tiles on the screen. For example, a violet theme, with black text, centre justified and with wide tiles is shown:

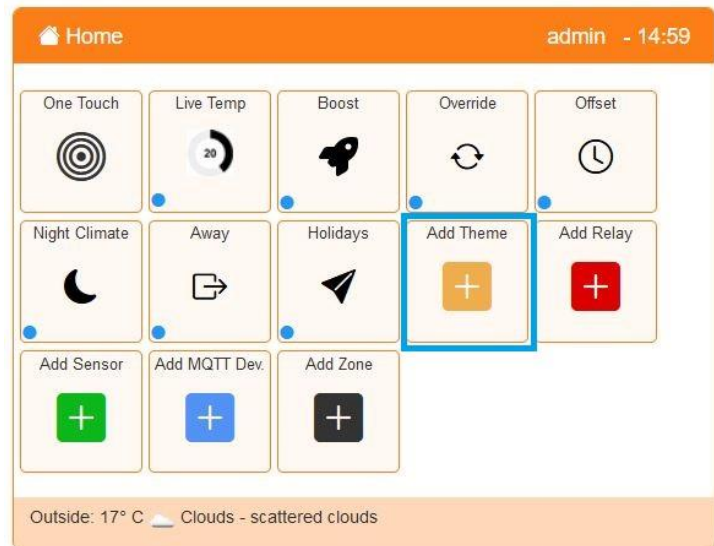

MaxAir - Smart Thermostat 2.02 - Build 070622

Selecting Themes, Adding New Themes and Editing Existing Themes

New themes can be configured from the One Touch screen using the Add Theme option.

A screenshot of the 'Add Theme' configuration screen. The title bar is orange with a plus icon and the text 'Add Theme', and the time '15:00' is on the right. The form contains the following fields:

- Theme Name**: 'Enter a Name for this theme' with a text input field containing 'Blue Right'.
- Justify**: 'Justify Buttons Left, Right or Center' with a dropdown menu set to 'Right'.
- Theme Color**: 'Select Color for Heading Background' with a dropdown menu set to 'Blue'.
- Text Color**: 'Select Color for Text' with a dropdown menu set to 'White'.
- Button Style**: 'Select Standard or Wide Button Style' with a dropdown menu set to 'Standard Button'.

At the bottom are 'Submit' and 'Cancel' buttons. The footer shows 'Outside: 17° C' and 'Clouds - scattered clouds'.

Enter a descriptive name.

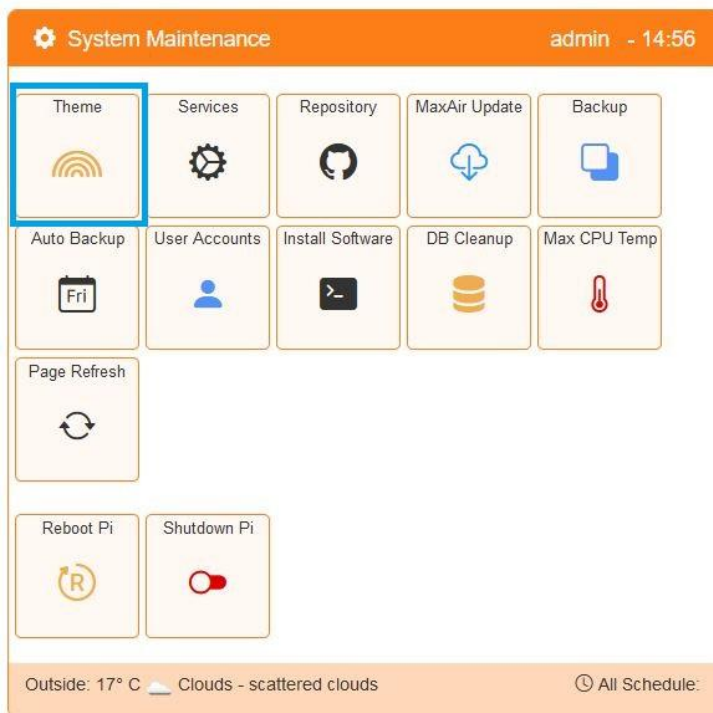

Select either left, centre or right.

Select the background colour.

Select the text colour.

Select the home screen tile width.

Click Submit to save the new theme.

The Theme is select using the Settings/System Maintenance/Theme option.

Select the theme required from the list of available options
